ULTRA-STATIC™ STAINLESS HOPPER

Powder Feed Hopper

100 lb • 140 L

The Ultra-Static™ stainless steel hopper is designed for fast and easy color change with easy break-apart construction. The snap-lock latches allow the removal of the membrane and air plenum pan in seconds for a contamination-free color change.

DESIGN FEATURES

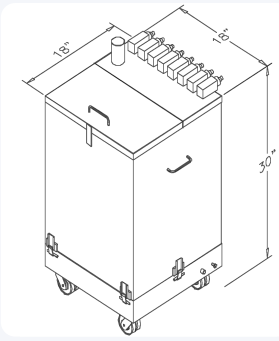

Hopper Capacity	Nominal 100 lb. (140 liter) capacity
Stainless Steel Hopper Body	Formed and welded, easy to clean design
Hinged Lid Assembly	Removable stainless steel lid assembly with handle and 2″ dia. vent hose outlet. The lid mounts up to (8) pump mounts located to the rear of the lid, or on the sides of the hopper mounted vertically with 90° pick-up tubes.
Air Plenum Pan	Powder coated, break-apart construction with draw latches
Caster Mounted	Locking double-wheel swivel casters for easy maneuvering
Fluidizer Membrane	Removable and gasketed 1/2″ membrane
Pump Mounts & Pick-Up Tubes	Specify quantity and type of pumps used

100 LB STAINLESS STEEL HOPPER

BREAK-APART FEATURE

ISOMETRIC DETAIL WITH TOP-MOUNTED PUMPS & 2″ DIA. VENT SLEEVE
